

Have your say!

WINCHELSEA RV FRIENDLY PARKING AREA

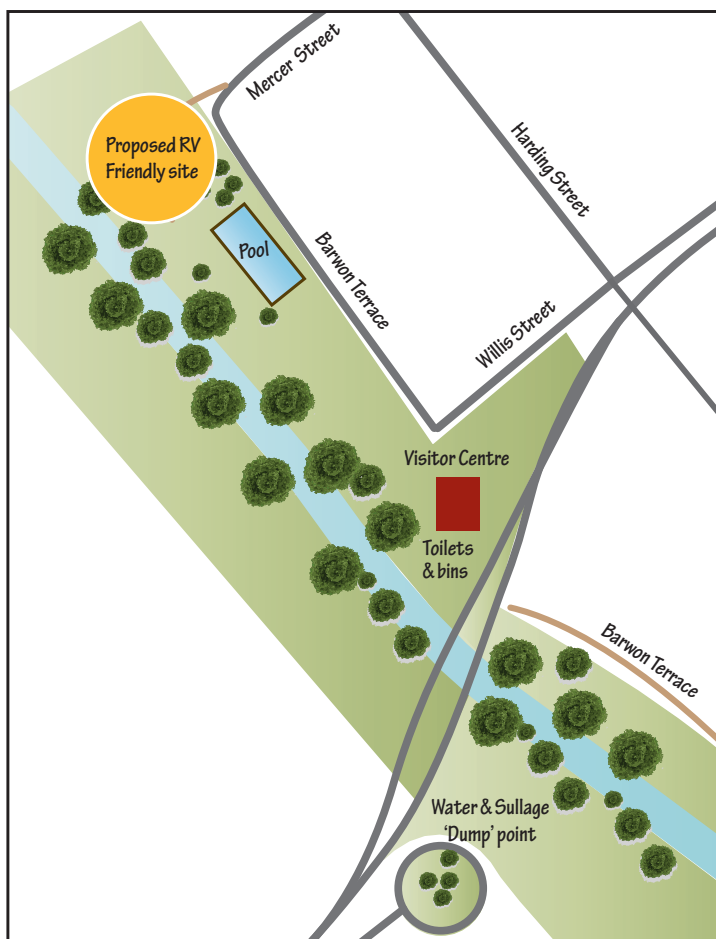

BACKGROUND

After receiving a petition from Growing Winchelsea Inc., Council is considering a short-stay self-contained 'RV Friendly' Parking area on the Barwon Riverbank.

LOCATION

The area is located on the north-east side of the Barwon River off Barwon Terrace at the end of Mercer Street.

WHAT DIFFERENCE WILL THIS MAKE TO WINCHELSEA?

If provided, Winchelsea could be more considered more RV Friendly. This will encourage RV travellers to spend more time and money in Winchelsea. It is expected that this proposal may make a moderate but important contribution to the town's economy.

Changes required to the area include creating two dedicated RV-friendly parking areas, some minor landscaping and signage at an estimated cost of \$39,500 per year. This is considered the minimum requirements to formalise the site.
