PETITION

Re: 2 Cliff Street Application # 15/0420 & 5a Zeally Bay Road Application # 15/0507

We as members of the Torquay Community sign this petition to object for Food Pop up Vans in the Torquay precedent.

Please consider the following submission of objection in regard to the above matter, currently under consideration in the Planning Department of the Surfcoast Shire.

Reasons for objection listed below.

1. Food van has no vested interest in the community
2. Diminishes the character of the trading precinct.
3. Proposed van does not meet the specific needs, by virtue of its quality.
4. Unacceptable use of car parking available to registered permanent businesses.
5. It is proposed that future temporary food vendors have a 500 meter exclusion zone from existing businesses, for equitable consideration to existing businesses.
6. Detrimental to the economic well being of traders currently trading in Gilbert Street trading precinct.
7. Proposed site does not meet the requirements to accommodate the additional nature and volume of traffic generated.
8. Health issues such as waste management
9. Adequate water supply
10. Application trading hours creates nuisance from artificial light and pollution creating intrusive effects and be detrimental to neighboring property in Cliff Street, Zeally Bay Road and Boston Road.
11. High levels of noise generated by food vans contravenes noise sensitive land use identified by existing residential properties, noise levels will change in noise levels, character, duration, frequency, time of day and traffic generated by proposed application
12. Application should be rejected on public health policy grounds; change of use to a food outlet requires fact based evidence that indicates no immediate environmental damage will be generated from the temporary use of this land.
