

18 APR 2017

PETITION

Creation of a Sanctuary at Point Impossible

We the undersigned request the creation of a Sanctuary at the Point Impossible/ Thompsons Creek Estuary, with the current dog off lead status replaced by a protection zone with No Dogs or Horses. Time is of the essence as the beach is the closest to the rapidly increasing population of Armstrong Creek, and bird numbers are declining due to increasing use, notably by dog walkers

Hooded Plovers have now become a Matter of National Environmental Significance according to The EPBC Act, and numbers of three migratory species trigger the criteria for making this a site of National significance. We therefore urge the Surf Coast Shire to recognise the importance of the Thompsons Creek Estuary and the beach west to the nudist beach. year round to accommodate the Breeding season of the Hooded Plover, the winter migratory period of the Double-banded Plover, and the spring/summer migratory period of Northern Hemisphere migratory shorebirds.
