

Community Initiative Grants Guidelines

Surf Coast Shire Council's Community Initiative Grants fund clever and creative projects that help our community and environment to thrive.

Funds available

Grants of up to \$5,000 are available in each round of this program. Applicants must contribute a minimum of 30% (cash or in-kind) towards the total project cost.

Two rounds of Community Initiatives Grants are offered each year, with applications open for the months of March and September.

Note: Council also offers Quick Response grants, open year round for projects seeking up to \$3,000 funding. Find out more here: surfcoast.vic.gov.au/Grants.

Grant purpose

Council values the knowledge, skills and motivation people have to take action on ideas that contribute to a thriving Surf Coast Shire community and environment.

The Community Initiatives Grants: March and September rounds contribute funds towards **community-led projects that bring people together to collaborate, upskill, share resources and put ideas into action.**

Outcomes of these projects may include, for example, increased social connection, inclusion, health, wellbeing, safety, community arts, cultural or environmental outcomes, and/or upskilling of local volunteers.

The [Council Plan](#) provides information and insight into Council priorities and the [Municipal Public Health and Wellbeing Plan](#) identifies our Health and Wellbeing Pillars.

Equity and inclusion considerations for your project:

The *Gender Equality Act 2020* means that Council has a legislated requirement and a responsibility to promote and support gender equality. For more information about the *Gender Equality Act*, visit genderequalitycommission.vic.gov.au/about-gender-equality-act-2020

Surf Coast Shire Council is committed to promoting equality and access for all people regardless of race, sex, sexuality, age, ability and disability, socio-economic status, education, ethnicities and faith.

We believe our diversity is what makes our community stronger.

To ensure our grants program is equitable and inclusive, projects that remove barriers to participation for marginalised groups and emphasise inclusion will be given preference over projects which encourage stereotypes or are not accessible to all. This might look like:

- Your facilities, publications and processes are accessible and inclusive as possible
- You make reasonable adjustments for marginalised groups
- You are open to feedback for how you can improve access and inclusion
- You actively promote the participation of women and girls in your project or group.

Important Note:

Council typically receives greater demand for project funding than is available through the annual grants budget.

If applications have equal merit, a lower priority may be assigned to projects/initiatives that:

- Received Council grant funds in the same or previous financial year
- Are recommended/are likely to be recommended for funding through other Council grants
- Receive their core funding from State or Federal governments
- Have greater access to funding from sources other than this grant.
